Sir,

**Sub:** Energy, I&I Dept. - Guidelines to be followed with  
respect to "Ease of Doing Business" – Reg.

@@@@

During the review meeting held on 19.02.2019 with Principal Secretary to Chief Minister, it was advised to strictly follow the following guidelines mentioned in Business reforms action plan (BRAP 2019) of DPIIT (Department for promotion of Industry and Internal trade).

1) Charged electrical connections for industrial use should be released as per the following timelines:

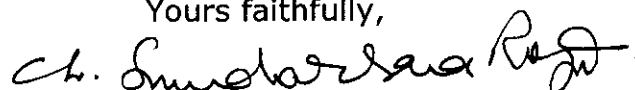

- Connections including CEIG approval (if required) upto 200 KVA to be provided within seven days **(where no RoW is required)**

PTO

// 2 //

- Connections including CEIG approval (if required) upto 200 KVA to be provided within fifteen days **where RoW is required** from the date of application for electrical connection.
  - The case of virgin territory will not be considered for the evaluation. (Virgin territory for these reforms means locations where new line needs to be laid beyond 500 meters from the nearest available head).
- 2) Comprehensive circular to be issued to all SE's | Operations on informing consumers about scheduled outages (Maintenance and Load shedding) for next one month in advance and duly placing the same in public domain.
- 3) List of at least 40 No's of HT consumers whose services were released during the period (1<sup>st</sup> December 2018 onwards) are to be provided by 21.02.2019 to RTGS (Real time Governance system) duly noting their address and contact details from each Discom.
- 4) Procedure for applying new connection and common application format in the SDP Website (which are already in practice) should be uploaded.

Yours faithfully,

for Principal Secretary to Government
