Please refer correspondence 2nd to 14th cited above, regarding rectification of 5MVA PTR (WGP) bearing Sl.No.ICSA EP – 17 at KAVVAGUNTA SS – failed on 31.03.2012.

As per the Agreement the Clause 15 of the Technical Specification for 5 MVA Power Transformers “The period of warranty will be 5 years from the date of commissioning of PTR. EPDCL reserves the right to claim the financial loss incurred/suffered due to the failure of Power Transformer during guarantee period”.

The work for erection of 19Nos new 33/11KV Sub-stations with connected 33KV and 11KV lines and augmentation of existing 13Nos 33/ 11KV Sub-stations in West Godavari district on 100% turnkey basis under JBIC Ph-I Scheme was awarded to the contractor M/s.ICSA(India)Ltd, Hyderabad vide agreementNo.02/2007-08. PTR bearing Sl.No.ICSA EP-17

was commissioned on 10-12-2007. Hence the transformer was within guarantee period when it failed on 31.03.2012.

Vide ref.11th cited, it was finally requested to lift the PTR at Kavvagunta with in one week else, the PTR will be repaired by fixing private agency and cost incurred towards repair will be claimed as per the clause 15 of the above agreement and that your firm will be proposed for blacklisting not only in EPDCL but in other companies and departments also.

Vide ref.12th cited, you have responded by writing that you will lift the transformer within a fortnight. But till date the transformer is not lifted.

Vide reference 13 cited a show cause notice was served as follows as to

- 1) Why severe action should not be initiated against your firm for the above non adherence of warranty clause of the respective Contract Agreement No.02/2007-08 besides forfeiting Performance Bank Guarantees / other pending payments available with APEPDCL as per warranty clause. And if the amounts are insufficient why sister DISCOM Power Utilities in A.P. should not be addressed to withhold your pending payments with them.
- 2) Why your firm should not be blacklisted for a period of 2 years for non adherence of the warranty clause duly communicating such blacklisting action to sister DISCOM Power Utilities in A.P and other Power Utilities located in other states.
- 3) Why criminal action should not be initiated against your firm in view of non complying with repairing the transformer within warranty period as per the agreement

It was also intimated that If no response is received within 15 days from the date of receipt of the notice, it will be construed that your firm has no reply to this Show-Cause Notice and action deemed fit as indicated above will be initiated against your firm without remainder.

Vide ref.14th cited, you have replied not to initiate any further action on this issue as proposed above and requested to grant one month time to complete the rectification.

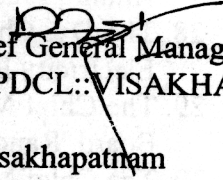

But so far no action is taken by your firm for repair of the power transformer even after intimation and pursuance by the field and corporate office which resulted in loss of revenue to APEPDCL.

In view of the above, without prejudice to rights and contentions of EPDCL, the management has decided to **take action against your firm** as per the terms & conditions of APEPDCL for the above non adherence of terms and conditions as intimated to your firm through Show Cause notice served vide reference cited 13th above.

Accordingly APEPDCL has decided to blacklist your firm for a period of 2 years.

The receipt of the order may be acknowledged

Yours Sincerely,

Chief General Manager/Projects
APEPDCL::VISAKHAPATNAM
