**PRESS RELEASE**

For favor of publication

Date: .4.2012

Hon'ble APERC issued regulation No 1 of 2012. In terms of these regulations Renewable Power Purchase Obligation has to be met by the obligated entities including Open Access consumers and Captive generating plants of 1MW and above. APSLDC was notified as state agency for Renewable Energy Certificates (REC) mechanism in these regulations. The regulations are also appearing in the APTRANSCO website [www.aptransco.gov.in](http://www.aptransco.gov.in).

**For the information of the concerned entities this publication is made.**

  
Chief Engineer/SLDC & State Agency

To  
News Editor/Bureau chief

**[ Undertaking to be submitted by Open Access Consumers  
at the time of applying for Open Access ]**

**UNDERTAKING**

I, ..... S/o.....  
R/o.....For and on behalf of M/s .....  
.....having applied for Open Access to get the power from  
M/s. .... hereby undertake that in compliance of obligation  
flown under regulation 1 of 2012, we would purchase 5% of power required from  
non-conventional source including the solar power. In case we could not purchase  
such percentage of non-conventional power including solar power as mandated by  
regulation 1 of 2012 issued by APERC, we hereby undertake to purchase required  
quantum of REC certificates for such compliance. Otherwise, I am bound by the  
consequences of default as per APERC regulation 1 of 2012. Hence this undertaking.
